Dear Parent / Carer

We have been asked to inform parents about a Warm Home Discount Scheme which is now open for application. It is based on a first come first served basis and suppliers may close their scheme when have allocated all the grants they are prepared to fund.

Families on low incomes in receipt of certain benefits and with children under 5 years old may find that they are eligible for the £140 discount to be applied to their electricity bill between October this year and April 2017 if their energy supplier is taking part in the scheme.
