

SPORTS PREMIUM SPENDING 18/19

In the year 2018/2019 the school has been allocated a budget of £17,200 to assist with the delivery, opportunity and availability of sport and physical education. Detailed below is how we propose to spend our funding. As the year develops, we may review in order to meet the needs of the school.

Development Priorities	Actions	Funding	Review	Impact
Swimming and water confidence	Continue to liaise with Samuel Ryder Academy to facilitate swimming lessons and water confidence for all year 2 pupils	Cost of pool hire and specialist teacher for 1 hour per week	July 2019	
Play leader	Play leader in post to develop and lead physical activities and play during lunch times, to enable children to experience increased physical activity over lunch time	Cost of play leader for 1 hour 30 min daily	July 2019	
Specialist sports coach	Specialist sports coach to deliver indoor and outdoor activities including gymnastics, dance and athletics. 2 hours per week on a rolling cycle throughout the school.	Cost of sports coach working 4 x hours per week	July 2019	
Lunch club Provision	To provide a physical activity session to specific children to develop gross motor movement and also for children who are unable to access clubs	Cost of sports coach to lead session 30 mins per week	July 2019	
Music and Movement	EYFS class session weekly to develop gross motor movement alongside music to further develop moving and handling and being imaginative	Cost of specialist to lead each session ½ hour per week per class	July 2019	
Playground	To provide more physical, fine and gross motor activities by enhancing the playground		Ongoing	

SPORTS PREMIUM SPENDING 17/18

In the year 2017/2018 the school has been allocated a budget of £17170 to assist with the delivery, opportunity and availability of sport and physical education. Detailed below is how we propose to spend our funding. As the year develops, we may review in order to meet the needs of the school.

Development Priorities	Actions	Funding	Review	Impact
Swimming and water confidence	Continue to liaise with Samuel Ryder Academy to facilitate swimming lessons and water confidence for all year 2 pupils	Cost of pool hire and specialist teacher for 1 hour per week	July 2018	Children attending swimming on a half termly rota each week, lessons facilitate all learners and abilities. Water confidence developed for children who have never experienced swimming. Developed swimming strokes of those that can already swim. 90% can now swim without floatation. This initiative also supports the children when they move to the junior school and continue with swimming lessons enabling children to spend less time in the learner pool and progressing to swim 25m by the end of year 3.
Play leader	Play leader in post to develop and lead physical activities and play during lunch times, to enable children to experience increased physical activity over lunch time	Cost of play leader for 1 hour 20 min daily	July 2018	The role is working well and children are well organised at lunchtime. Play equipment is beginning to be used more effectively.
Specialist sports coach	Specialist sports coach to deliver indoor and outdoor activities including gymnastics, dance and athletics. 2 hours per week on a rolling cycle throughout the school.	Cost of sports coach working 2 x hours per week	July 2018	Teachers skills have been developed through INSET for staff. Range of skills developed and sports coach is having a positive impact on the children as a good role model for sport development.
Lunch club Provision	To provide a physical activity session to specific children to develop gross motor movement and also for children who are unable to access clubs	Cost of sports coach to lead session 30 mins per week	July 2018	Specific children have attended, selected by the class teacher to either develop better gross motor skills or to access a physical club during school time. Pupils who have attended have benefitted from the small group provision and have made progress in both their physical and social skills.

Music and Movement	EYFS class session weekly to develop gross motor movement alongside music to further develop moving and handling and being imaginative	Cost of specialist to lead each session ½ hour per week per class, started January 2017	January 2018	Range of movements explored and developed. Children introduced to different ways of moving and refining movement. Physical Development reaching the expected standard or above- 94.7% EAD reaching the expected standard or above 79%
